Haji Muhammad Shafi (Late)

Our Philosophy

Quality, Quality and Quality

Our company stands distinguished not only in the local market but has a prominent market World Wide.

Our manufacturing unit is based on critical analysis of our team implying the best engineering techniques and principles of aerodynamics. Research and Development, Quality Assurance and Innovation departments are important arms of our company. We always use high quality ball bearing, finest electric steel sheets, 99.9% pure copper enamel wire and high grade insulating materials to maintain the quality at its best. We select only the finest materials and apply expertise of over 40 years to produce the durable, distinctive and dynamic fans for which we are acclaimed by our precious customers.

That is why we are ISO 9001:2008 certified, CE Marked, Bureau Veritas Certified, PS1 Standard Certified and SASO Standard Certified company.

We are exporting the complete range of our products to Asian Countries and Middle East from 2008 and aim to market our products elsewhere in near future.

LUCKY FANS

Introduction

With the blessing of ALLAH Almighty Haji Muhammad Shafiq Rafiqi started the business of fan manufacturing under the supervision of Haji Muhammad Shafi (Late).

On the horizon of fan industry Lucky Fan emerged in 1974 like a shining star and due to endless effort and expert strategies of Haji Muhammad Shafiq Lucky Fan made countless admirers not only in Pakistan but also from all over the world.

Muhammad Luqman Shafiq done his MBA(Marketing) from NUML and completed his MPA(Accounts) from CQU, Australia, Joined Lucky Fans in 2011 dealing with production & Sales of fans. Always focus on Supply Chain Management to ensure the quality of fans till it get packed and delivered to our customers.

Lucky Fan is manufacturing Ceiling, Pedestal, Industrial, Metal, Plastic and Exhaust Fans. In Lucky Fan every single fan is checked and passed through our strict quality control system to ensure that every fan give the best performance. We focuses on quality and never compromise on making quality fans that is why we say "Always No Compromise on Quality"
